

WOVEN

CONTINUING COMMUNITY

WOMEN VETERAN ENTREPRENEURS NETWORK

Microbusiness and self-employment offer veterans, and especially women veterans and veterans with disabilities, increased opportunities to maximize their strengths and skills, to achieve their financial and career goals, and to customize their employment to accommodate their needs.

CAMEO wants to expose and encourage as many female veterans and/or their spouses to business ownership. If you are in the idea stage or beginning stage of your business, participate in WOVEN. In addition to our annual event, we are developing an ongoing community of women veteran entrepreneurs through community-based programs. CAMEO and the Jonas Project are coordinating three trainings for 2016 at the following locations:

Inland Empire
Women's Business Center

THE JONAS PROJECT

www.thejonasproject.org

The Jonas Project works with Veteran Entrepreneurs to help them become successful business owners. We have a team of Mentors who are successful entrepreneurs and executives themselves, with backgrounds as varied as the veterans. The Mentors use their business experience to guide the Veteran Entrepreneurs in developing their ideas and launching their businesses.

CAMEO

www.microbiz.org

CAMEO is California's statewide microbusiness network made up of over 170 organizations, agencies, and individuals dedicated to furthering microbusiness development in California through entrepreneurial training and microlending. Our vision is to create economic opportunity for *all* entrepreneurs and to build wealth and strong California communities.
